

HOMEMADE PUPPET IDEAS

SOCK PUPPETS

Materials

- Old socks
- Glue or needle and thread
- Buttons
- Felt or scrap material
- Pipe cleaners
- Wool or string
- Other craft items
- Googly eyes
- Patty pans

Steps

1. Decide what you want your puppet to look like. You might even want to draw a plan of your puppet.
2. Collect all the materials you will need.
3. Put the sock on your hand. While it is on your hand, mark where you want the eye to be. (If your puppet needs eyes)
4. Take the sock off your hand.
5. Cut out and add the pieces you need to create the puppet. If you are sewing things on, you might need someone to help you.
6. Once your puppet is made, put it on and play with it.
